ANNUAL REPORT FOR THE YEAR 1953-54

VICE-CHANCELLOR'S OBSERVATIONS

The Registrar's report for the year 1954 gives an interesting and clear picture of the many sided activities of the University In this review I merely wish to underline, so to speak, some of the more salient points and express a few comments on present trends and future possibilities

As was to be expected there has been all round expansion in the number of institutions of all grades affiliated to the University and in the number of candidates appearing for various examinations In view of the previous backward state of higher education in Rajasthan, this increase in numbers must be considered as a welcome sign At the same time it is also a danger signal In the anxiety to meet the insistent demand of the public for opening of new High Schools and Colleges or upgrading of existing ones, Government has not always planned ahead and very often applications for affiliation have been received far too late for proper scrutiny and inspection by the University Classes have opened without adequate accommodation or teaching staff or laboratory equipment All this leads to deterioration of standards, spread of discontent among students, and all round inefficiency While fully a [illegible] nment in this transitional [illegible] e future programme of exp[illegible] be better planned and better [illegible]

The congestion in some of the bigger colleges is becoming worse each year. Some little improvement in this respect is

expected as the result of the bifurcation of the Jaswant College Jodhpur which will now become a Science College The Arts and Commerce Degree and Post graduate classes have been shifted to the old Maharaj Kumar Intermediate College This scheme also suffered from the ill effects of haphazard and delayed planning In my opinion, the Maharaj Kumar College should have continued as an Intermediate College in Arts and Science, a separate College of Commerce should have been formed, and the Jaswant College should have continued as a combined institution for Degree and Post-Graduate classes in both Arts and Science I advocate this view on the sound academic ground that the increasing divorce between humanistic and scientific studies should not be widened any further. There is also an important administrative reason in support of this view

In the scheme for the re organisation of Secondary and University education, it is proposed to lengthen the Secondary course and shorten the University course for the first Degree by one year Existing Intermediate Colleges can easily be adapted to the new Secondary pattern, and the Arts and Science Colleges to the three years University course for the Bachelor's Degree.

I would suggest that Government should take early steps to separate Intermediate Classes from Degree classes in the Colleges in which there is pronounced congestion, and most urgently in the case of Maharaja's College, Jaipur, where admissions have gone beyond all manageable limits for proper instruction or maintenance of corporate collegiate life

During the past year some attempt has been made in tightening up the control of examination centres, and in ensuring greater secrecy in the despatch of answer books, and in the compilation of results A University which per force is largely an examining body cannot lay itself open to the charge that its examinations are conducted in a perfunctory

manner and there are loopholes for malpractices which vitiate its results In such efforts as I have been able to make in this direction, I am glad to report that I have received the fullest support of all concerned and specially of the University office staff on whom a far greater burden has been cast There is scope for much more improvement in these directions, but all attempts at such reform cannot be effected by mere administrative machinery They depend eventually upon the character and good conscience of the various human agents concerned In this matter the University requires the support not only of the body of Superintendents and their staff whom they employ for the conduct of their examinations and complete reliance on the body of its examiners but also on the good intentions and observance of the code of decency on the part of its students as well as their guardians Examination successes if brought about by foul means bring not only disgrace on the name of the University, but eventually recoil on the head of the individual or individuals who perpetrate such crimes A fool or a knave who has scraped through an examination or obtained a higher class through unfair means is soon discovered in the battle of life and has eventually to meet the fate he deserves If the evil spreads as it has tended to be in certain quarters it vitiates the entire examination system and reduces it to a sham

Turning to the internal side of the University it is encouraging to report that building work at the University site in Jaipur, has already begun and we hope that by the time the next Convocation is held both the Administrative as well as the Academic Blocks will be ready We have appealed to the University Grants Commission for financial aid for the construction of the University Library and Post graduate Hostels as also for the construction of a Research Laboratory for the University Department of Geology at Udaipur

Steps have been taken to bring a Faculty of Oriental learning into existence and affiliation has been given to the

Sawai Man Singh Medical College for post graduate Degrees in all branches of the Science Another important development has been the opening of a Veterinary College by the Rajasthan Government in Bikaner For the present it is proposed that Veterinary Science should be included in the Medical Faculty, but a special Committee has been set up to frame courses and prescribe the scheme of examinations I regret to note that conditions are not so satisfactory as regards Agricultural Science and I venture to suggest that Government should undertake direct responsibility in establishing and conducting a properly equipped and staffed Agricultural College

On the Academic as well as the Cultural side, the year has been full of interesting and noteworthy events A full record of these is given in the Registrar's Report I will only mention in passing the very stimulating visit of two foreign Debating Teams the American and the Oxford University which apart from other things gave heartening proof of the ability of our students to debate in English, if not on equal at least on very creditable terms, with our visitors An Advisory Board has been set up for the guidance of students of the University who intend to appear for Public Service Examinations Under the advice of the Ministry of Education Government of India a Central Committee has been set up to guide and direct Youth Welfare activities It is hoped that Divisional Committees will be soon set up for the same purpose in Jodhpur, Udaipur Kotah and Bikaner We had a most stimulating visit from Shri G D Sondhi, Hony Adv for Youth Welfare to the Ministry of Education of the Central Government At the moment of writing our teams are competing in all the events in the Youth Festival which is in progress in Delhi All such activities are of the utmost val not only in providing healthy outlets for the self expression our Youth but they tend to cement the University spirit which is most essential for overcoming the narrow rivalries and jealousies of the past

Important schemes of reorganising Secondary as well as University Education are looming on the horizon. The Government of India is anxious to implement the major recommendations of the Secondary Education Commission and the University Commission I am a firm supporter of *these proposals But my fear is that hasty and wholesale* implementation of these proposals without adequate preparation and sufficient financial provision, may perhaps result in increasing the chaos which already exists in the educational world in India without effecting any reforms

It is my hope that existing machinery for the control of Secondary and Intermediate Education will not be scrapped till it has been properly replaced by a more efficient substitute It has been my experience that Boards of Secondary and Intermediate Education set up in various States in India, have proved to be even more inefficient than the much abused Universities

During the one year of my stewardship as Vice Chancellor of this University, I have attempted to visit a great many of its leading affiliated institutions It has been my constant effort to forge links of mutual loyalty and trust, and to convince all concerned, that in the prosperity of the University lies the prosperity of all our affiliated institutions, and in the strength and efficiency of these institutions lies the efficiency and strength of the University

I cannot conclude this review without recording my deep appreciation of the support and encouragement I have received from the Syndicate, the Senate, the Academic Council, and all other constituent bodies of the University, and in particular from the Registrar Shri M N Tolani, the Deputy Registrar Shri R K Agarwal, the Assistant Registrar Shri C L Singhal, and the entire staff of the University office

I must also place on record the constant courtsey extended to me by His Highness the Chancellor, and his deep

concern and interest in all that pertains to the welfare of the University. During his brief absence on leave in Europe, I received the same treatment from His Highness the Maharao of Kota who acted as Chancellor for this period. During my recent visit to Udaipur, I had the privilege of meeting His Highness the Maharana of Udaipur, the Patron of our University, and was deeply touched by his very genuine interest in the affairs of the University, and his anxiety that this University may be worthy of the great traditions of Rajput history.

Vice-Chancellor.

SECTION II

REGISTRAR'S REPORT

1 INTRODUCTORY & GENERAL

The year under review, July 1, 1953 to June 30, 1954 was the seventh academic year of the working of the University of Rajputana While detailed information with regard to the progress of the University under various heads follows in this section, the overall picture of the progress of the University with regard to the number of affiliated and recognised institutions and the total number of examinees is as follows —

		1947	1953	1954
1	No of affiliated Colleges	24	45	48
2	No of recognised High Schools	177	228	253
3	Total number of candidates appearing at the College Examinations (Inter & upwards)	3 298 (in the year 1948)	8 589	10,226
4	Total number of candidates appearing at the High School Examination	4,313 (in the year 1948)	14 945	15,667

Shri G C Chatterji, M A (Cantab), Senior Member of the Union Public Service Commission took over charge of the office of the Vice Chancellor of the University with effect from the 1st November, 1953 from Dr M L Sharma, M A, D Litt, who had in the meantime been appointed by the Chancellor to carry on the duties of the Vice Chancellor after Dr G S Mahajani, M A, Ph D, had relinquished charge of the office of the Vice Chancellor

Shri M N Tolani, M A (Cantab) continued to be the Registrar of the University

The services of Shri M V Mathur, University Professor of Economics were loaned for about one year to the Government of India for serving as a member of the Plantation Inquiry Commission

The University Department of History started functioning from November 1953 and Dr M L Sharma, M A D Litt was appointed as the Professor of History Eleven candidates are doing research work in the Department for the Ph D degree of the University

The strength of the staff of the University Law College, Jaipur has been increased by the appointment of a whole-time Reader and 2 more whole time Lecturers The staff of the Law College Jaipur now consists of a Principal, a whole time Reader 5 whole time Lecturers and two part time Lecturers Shri K S Hajela continues to carry on as Principal of the College for the Session 1954 55 on the same honorarium (viz Rs 6 000/ p a)

The obvious gaps in the structure of higher education in Rajasthan have been filled up by adding —

1 M D & M S courses at Jaipur Medical College

2 The University has granted permission to the Rajasthan Government to start a Veterinary College (*B V Sc & A H* courses) at Bikaner with effect from July, 1954

3 The Faculty of Oriental Learning is under formation Steps have been taken by the University to affiliate the colleges that have applied for affiliation in the Faculty Admissions to the various courses in Sanskrit will be made from July 1955 The University has also decided to hold Hindi Exami

nations, viz, Ratan, Bhushan and Prabhakar and a Committee has been appointed to suggest further steps in the matter

In accordance with the recommendation of the University Education Commission, the University had introduced Social Studies and General Science as compulsory subjects for the High School classes with effect from July 1951 in preparation for the High School Examination of 1953 It has now been decided to introduce these subjects at the Intermediate stage also A paper on General Science has been made compulsory for the Intermediate Arts Examination a paper on Social Studies for the Intermediate Science (including Agriculture) and a paper on General Knowledge for the Intermediate Commerce with effect from July 1955 in preparation for the examination of 1957 The books on Social Studies and General Science for the Intermediate standard are under preparation and will be published in Hindi by the University

The term of three years of the former members of the various University bodies having expired, elections to the Syndicate and Academic Council were held, and new Deans have been appointed by the Vice Chancellor for the various Faculties The Faculties and the Board of Studies have been reconstituted The strength of the Board of Studies in Geology and Geography has been raised to its full stature, viz, seven members as provided under section 24 E (3) (a) of the University Act. Because of the scarcity of suitable members in the subjects of Urdu, Persian and Arabic, only one Board of Studies consisting of five members (including one external) in place of one for Urdu and the other for Arabic and Persian has been instituted for all the three subjects

With a view to help the Government in minimising expenditure on staff, the University has acceded to the request of the Government to treat an M A in History as qualified to teach Civics to the Intermediate classes, provided he had

offered such papers for his M A in History as give bias to the study of Political Science, i e he had studied Constitutions of England, U S A Switzerland, Russia, etc , and India under the Crown with special reference to Constitutional development. Minimum qualifications for demonstrators to supervise practical work in various Science subjects at the college classes have also been laid down

With a view to maintain purity of examinations, the University took the following two important steps in connection with the examinations of 1954 —

1. No one was allowed to work as an invigilator in a room in which candidates from his own school or college were taking their examination Wherever there was only one college and candidates from other colleges were not appearing at that centre, the Arts or Commerce teachers invigilated for Science students and vice versa.

2 Answer books of candidates were not sent to the examiners from the examination centres The Superintendents of Centres were asked to send them to the University office from where they were despatched to the examiners

With a view to check impersonations at the examinations, ex students and teachers applying to appear at the examinations of the University have been required to affix their photographs on their application forms duly attested by the Forwarding Officers

The rates of remuneration to the invigilators and Centre Superintendents have been raised

The Planning Commission, Government of India, gave a grant of Rs. 22 000/ to the University Department of Economics for conducting investigations regarding the pattern

of employment, and income and housing conditions in Jaipur City Necessary staff for the purpose has been recruited and the work commenced under the guidance of Prof M V. Mathur, Dr D L Gupta is the Associate Director of the survey Besides this, the University also has got a grant of Rs 22 000/ under the Youth Welfare Programme for the construction of an Open Air Theatre and a Swimming Pool at Jaipur from the Ministry of Education, Government of India

At the suggestion of the Ministry of Education, Government of India a Central Youth Welfare Committee consisting of the Vice Chancellor and 7 other members was set up Youth Welfare Committees are also being set up in the affiliated post graduate colleges

The University also has set up an Advisory Board for Public Service Commission Examinations with a view to advise and guide candidates appearing at the I A S and other combined services examinations to be held by the Rajasthan and Union Public Service Commissions These students are provided library facilities and guidance in the compulsory subjects and for optional subjects they are guided by eminent teachers

With a view to facilitate and encourage educational tours, the University gave a grant of Rs 1 600/ to the students of the University Law College and of 2 other affiliated colleges For future a provision of Rs 3 000/ per annum is being made in the budget under the Head 'Educational Tours'

The M B B S degree of the University has been recognised by the Medical Council of India

17 HIGH SCHOOL EDUCATION

The total number of candidates who actually appeared at the High School Examination of 1954 was 15,667 out of whom 8,169 candidates passed. The percentage of passes was 52 1 A Supplementary examination, as usual, was also held in August 1954 for those who had failed in one subject at the main examination of 1954 Out of 1,195 candidates, who appeared at the Supplementary examination, 839 passed

The number of recognised High Schools in the year 1953 was 228 During the year under review, the Government of Rajasthan, as late as June 1954, made a request to the University for recognition of 30 middle schools as High Schools with effect from July 1954 However, in view of the Government assurance that they could not apply earlier due to financial stringency and non availability of funds and that in future applications for recognition will be made in time and that sufficient funds were now available for the fulfilment of the conditions to be laid down by the University, the University entertained these applications as a very special case Of these, 27 middle schools were granted recognition as High Schools with effect from July, 1954 after getting a local enquiry made. Recognition to 3 middle schools was not granted on grounds of unsuitability of buildings Recognition of 3 middle schools, which had been granted recognition up to the High School Examination of 1955, lapsed because the Government did not start High School classes then. The number of recognised High Schools is now 253

Periodical inspection of 15 High Schools was conducted during the year under review The essential conditions and recommendations suggested by the inspectors for further improvement of schools were intimated to the authorities of the schools concerned for fulfilment

The University has extended the option of using Sindhi medium up to the High School Examination of 1956

Besides the books on the compulsory subjects of Social Studies and General Science, the University also published books on the compulsory subjects of Hindi (Text and Rapid Reading books) and English (Prose) for the High School Examination

5 UNIVERSITY LAW COLLEGE, JAIPUR.

HISTORY—The Law College, Jaipur, was started in July, 1947 with the inauguration of the University of Rajputana. With the city of Jaipur becoming the centre of the University of Rajputana, it was considered that a first grade Law College should be started at Jaipur. Permission for opening the college was obtained from the Special Education Officer of the University of Rajputana and the college commenced working from the 16th July, 1947.

Subsequently as a result of certain negotiations between the University of Rajputana and the Government of Rajasthan, the control and management of the Law College was transferred to the University which took over the College under its charge with effect from the 7th July, 1953 with a view to set it up as a model institution for the teaching of Law under the University. The College is now designated as the "University Law College, Jaipur."

1. CONTROL AND MANAGEMENT —With effect from the date of its transfer to the University of Rajputana on the 7th July, 1953, the Law College forms a constituent College of the University. It is now maintained and financed entirely by the University of Rajputana.

Dr. Robert Heilig, M. D., M. C. P., F. N. I., of Jaipur delivered a University extension lecture on "PREVENTION OF TUBERCULOSIS" on 20th January, 1954. In addition to this it was also felt necessary to foster living contacts among the students and teachers of other local educational institutions. With a view to give this idea a practical shape, common programmes on the 15th of August (Independence Day), the 1st. of November (Social Education Day) and the 1st of December (the inauguration day of the annual functions of the College Union) were run by all the local educational institutions combined.

12 HOSTELS:—41 students were accommodated in the College Hostel in this session under the Wardenship of Prof. K. N Mehra .

13. DISCIPLINE —As a result of the cooperation extended by the members of the staff, students and their guardians the general tone of discipline has improved during the session under review.

14. GENERAL —The College is grateful to its well wishers including their Highnesses the Maharaja Sahib & Maharani Sahiba of Bharatpur. Her late Highness Maharani Shri Jaya Devi donated a sum of Rs 25 for presenting Badges to the students of the College. The College is also thankful to Sri Pearey Lal Gupta and his brothers who in memory of their father have made a gift of Rs 800/- and instituted Shri Jai Dayal Memorial Medal to be awarded each year to the students standing first among candidates appearing at the B A. examination from this College. Our thanks are also due to Seth Manohar Lal Gupta of Bharatpur, at present residing in Calcutta, for his donation of Rs. 500/- to be utilised for cultural activities of this College.

The College aims at the development of the habit of scientific study, formation of healthy and stable emotions, and training in the right type of leadership amongst its students through a balanced programme of curricular and co-curricular activities There has been an appreciable amount of willing co operation amongst the members of the staff to this end. The students also have shown due enthusiasm for all that is desirable for harmonious development of their personality And if the difficulty with regard to accommodation is solved, the library and laboratories are equipped and reasonable finances for social and cultural work are made available, there is no reason why the students of this college should not be able to foster such traditions as would be helpful to the growth of the New Society of which they are an integral part.

9. GAMES, SPORTS & MEDICAL EXAMINATION OF STUDENTS —The college had one common play ground for both Hockey and Foot ball There are four volley ball courts, two Basket ball courts and two Badminton courts All these courts are running regularly and smoothly because the games have been made compulsory for Intermediate classes students The college has got in its possession one big piece of land measuring 23 bighas but it has no boundary wall or fencing and hence can not be maintained

The students played matches with local teams in Volley—ball, Foot—ball, Badminton and Hockey, generally winning them The college could not join University Tournaments as the students of Inter section could not rally sufficient strength. The senior most students made a games tour to different places such as Chittorgarh, Neemuch, Mandsour, Ratlam, Ujjain and Indore. There was no medical examination as there was no provision in the budget for this. There was, however, a physical fitness test.

10. SCHOLARSHIPS, STIPENDS AND CONCESSION IN FEES —The Government of Rajasthan allowed scholarships one to Inter. section, three to High School section and one to other agencies, with the approval of the Director of Education, Bikaner. 23 students were allowed full exemption from the payment of tuition fees. 11 EXTRA CURRICULAR AND SOCIAL ACTIVITIES :—The College Union successfully organised its annual day, lectures, debates and other functions. The activities of the year commenced with the inaugural address given by the Hon'ble Shri Kailash Nath Katju, Minister for Home Affairs Government of India on the 7th October, 1953. Shri Hira Lal Dhadha the M A (Previous) class (Political Science) was the President of the Union which worked under the able direction of Shri S L Audichya, M A, of the Department of Political Science.

During the year under review the N. C. C. recorded a steady progress and the movement seems to be now very popular with the students Attendance of the cadets on parades was remarkably satisfactory and the standard of turn out and general bearing of cadets has definitely toned up The corps has now taken upon itself a new responsibility of doing social service work during the holding of the N. C C. Camps and during normal training period. Nearly one hundred cadets of this College, along with 1[illegible] brother cadets from other Colleges of Rajasthan, Delhi, Madhya Bharat, and Ajmer, camped during the last summer vacation for a month in the rural areas of Delhi. They did hard mannual work in clearing 32 miles of silt drains They gained in weight and health, one and all, for work always does good, but the most important benefit was the recognition of dignity of labour by our sophisticated urbanised youth. During the annual camp held at Jobner this year, the cadets constructed a fair-weather road five miles long and desilted two tanks. Nearer home they have to their credit the building up of a stopbutt, for 'miniature firing' on the Maharaja's College grounds The cadets have been as usual prominent at the ceremonial parades on the Independence Day and the Republic Day held at the Ra

an Secretariat ground. On the latter occasion the girl-cadets of iarani's College, Jaipur also joined. A very outstanding event of last was the selection of three cadets from this College for Commission in ed Forces

Another outstanding achievement during the year was the annexture wo All India Shooting Trophies by our cadets, MoolSingh and Bane Singh e Earl Roberts Imperial Cadet Trophy Competition.

In view of a demand from a large number of students and the people ipur, a rifle club has been opened and quite a number of young men women have shown great interest in the Club

12. HOSTELS :—Shri S J. B Mathur continued to work as Warden he College Hostel.

13 DISCIPLINE :—It is a matter of very great satisfaction to find the tone and discipline of the College during the period have shown siderable improvement. The sense of discipline shown by the students the faculty of Science at their annual function was much more appreci e than those of previous years.

The college continued to work from 8.30 A M to 9 20 P.M.

The College takes lot of Interest in extra curricular activities I addition to the 25 friendly matches, students of this college took part i Re-public Day aad Independance Day sports organized by District Colle torate. Our students won General Champion-ship shield at the Inter-Hig School Tournament held at Umara in January, 1954. In connection wit the college annual function different activities were organised. Our Dram attracted an audience of about two thousand persons. Apart from sport our college is No. I in social activities It got the first prize for doing th best Sharmdan work in the town. A number of Students received prize for sport activities.

At present there is no arrangement for medical examination of the students.

10. SCHOLARSHIPS, STIPENDS, MEDALS AND CONCESSIONS IN FEES:—

No scholarship was obtained by the students of this college from the University.

11. EXTRA-CURRICULAR AND SOCIAL ACTIVITIES —

(a) *College Union* --The college has a studentes Union which works under a written constitution. The Secretaries who are the members of the *Union cabinet* are incharge of the different activities. They are assisted and guided by two staff advisors. There are different Faculty-wise Associations as well.

(b) No extension lectures have been arranged so far in this college Some time notable personalities are invited to give discourses to the students.

(c) Drama is one of the activities of the College Union. The college has earned a very good repute in the town Thousands collect whenever there is a college Drama. There is enough of music talent in this institution.

(d) Nobody has been deputed so far for N. C C. Training. This year, however, some teachers have gone for A C C. It is hoped that this is a prelude to the establishment of N. C. C. Course Students and Staff are eager for it.

12. HOSTELS —The Government had alloted the present Gulzar Bagh Building for the purpose of hostel The actual possession of the building has not yet been given to the college. It is earnestly desired that the Government will not delay in the matter The need is urgent.

13 DISCIPLINE —The College has got well natured and well behaved students The discipline is quite satisfactory

14 GENERAL :—The college got it's birth only a couple of years back but the number of students on roll as well as its brilliant results speak for themselves The institution is bound to grow in strength when Commerce and Science Faculties are added to it and when full fledged hostel is made available to it. Tonk needs a college which should be well staffed and well equipped Luckily it has got excellent members on the staff but unfortunately it needs more in equipment

40. MAHARANA BHUPAL COLLEGE, UDAIPUR.

1. GENERAL:—The College opened after the summer vacation on the 7th of July, 1953 As usual, there was a great rush for admissions to al the Faculties in the college i. e Arts, Commerce, Science and Law. The rush of admissions for the year under report was so unprecedented that a large number of students would have been refused admission, had not the Rajasthan Government come to our rescue and allowed us to increase seats in different Faculties. The Government sanctioned the opening of one more section in I. Com (First year) and permitted us to admit some more students to Intermediate Science (First year).

2. CONTROL AND FINANCES —The College is controlled, managed and financed by the Government of Rajasthan through the Principal Shri Shankar Sahai Saxena is Principal of the College.

3. BUDGET PROVISION —The Government of Rajasthan sanctioned a sum of Rs. 2,82,872/- as our budget grant and the expenditure incurred in the year under review was Rs. 2,63,392/-.

9 SCHOLARSHIPS, STIPENDS AND CONCESSION IN FEES —During the year under report some of the students were granted the following scholarships

1 Merit cum need Scholarship to 26 students Amounting to Rs 4550

2 Scholarship to 13 Scheduled and Backward Class students amounting to Rs 1520/

3 Merit Scholarship to one student at the rate of Rs 12/ per month tenable for two years

4 Scholarship to 3 students from other sources

Up to 10 percent free and half freeships are awarded to the poor and deserving students In the year under review we awarded 120 freeships amounting to Rs 6142/ and 120 half freeships amounting to Rs 3071/

10 BUILDINGS —Now with the increase in number of students and introduction of many new additional and optional subjects, our college building is not sufficient We require a few big class rooms which may accommodate 60 students in each as the present class rooms are small in size and the number is also insufficient Besides this the boundary wall of the college and the terracing of the uneven rocky land lying between the main building and the science block remain to be completed

The Hostel buildings were completed last year The sanitary fittings and bath rooms have been completed this year But I regret to say that the residence for Warden and servants quarters are yet to be built

11 LIBRARY AND READING ROOM —Maharana Bhupal College is rather an infant institution of only 8 years' standing but I make bold to say that our library can compare favourably with most of the Colleges in Rajasthan This year we have added more than 900 Volumes to our library and the total number of volumes in the library now exceeds 20 000 During the year under report the Rajasthan Government was kind enough to give us a library grant of Rs 10,000/ which though not sufficient for our purposes is fairly handsome

We subscribe 102 periodicals and journals in our Common Room During the year under review the number of books issued to students for home study has reached the figure of 32,000

12 GAMES, N C C AND MEDICAL EXAMINATION OF STUDENTS :— Training and education which a young man gets at the play grounds is in certain repects even more necessary than the studies in the class room That s why at this college we are laying greater emphasis on games

As usual, we participated in the Rajputana University Tournaments and after defeating all the Colleges of Rajasthan won the University Hockey Shield We can justly feel proud of our achievement Besides Rajputana Hockey Shield we also participated in several local tournaments and came out with flying colours The Hockey Captain of our eleven Shri Ikram Uddin was awarded the Rajputana University Star for his skill at the game This is a coveted honour which any player can aspire to Shri Ikram Uddin richly deserves this honour He is every inch a sportsman Another of our players Shri Arjun Singh was selected by the Rajputana University to represent the University at the Bangalore selections where an All India University Team is being selected to play against the Commonwealth Cricket Team The usual Inter Class and Inter Faculty Tournaments were held and I am happy to note that students have shown greater keenness this year. This is a happy sign for the future

We provide the following games to our students —

1	Hockey	2	Football	3	Volleyball
4	Basketball	5	Cricket	6	Tennis
7	Badminton	8	Ping Pong		

N C C —I am glad to say that our students cadets are taking more interest in N C C This year they held their Annual Camp at Udaipur itself and Shri Satish Chandra, the Deputy Defence Minister and other Military High Officers who inspected the Camp spoke highly to me regarding the fine performance and discipline of our cadets

Medical Examination of Students —As usual our students were medically examined The number of students examined was 805 Out of these 213 students had certain physical defects Our educational system has become one sided and the average student never feels the need of ... with the result that when he goes out of the College ...

13 EXTRA CURRICULAR AND SOCIAL ACTIVITIES —

(a) *Social Service* :—I am glad to say that the Samaj Seva Samiti of the College has been very active this year as well Under the leadership of Shri Brij Raj Chauhan, our Lecturer in Sociology, they have changed the shape of the College pavilion During the first term when the academic work was not heavy, 40 members of the College converted a hillock into a platform of 70 yards by 30 yards having a height of seven feet from the ground This work involved cutting and filling earth to the extent of 3 200 cubic feet At times students were seen cutting hard rocks It was a delight to see our young students realising the dignity of labour How much do I wish that every student of this college could perform such service This year our students went out to village Kelva in Raj Samand Project Area and stayed there for 10 days There they helped the construction of the School building involving work to the extent of 2500 cubic feet Shri Bhuvnesh Chandra Gupta of this College is the First student of the Rajputana University who completed the approved Social work prescribed by the University and got this fact mentioned in his Diploma The Samiti also ran a School at Village Paira during the year under review This year the social service wing of the Union also has been a bit more active under the leadership of its enthusiastic Social Secretary They organised Shramdan work on Sunday

(b) *Education Tours* —This year students of Commerce Faculty went to Bombay and students of Geology visited several areas in India of great interest from Geological point of view

(c) *Extension Lectures* —Dr Mathura Lal Sharma Professor and Head of the History Department of University of Rajputana delivered extension lectures for two days which are organised by the University

(d) *Distinguised Visitors* —During the year under report Dr E Asirvatham and Professor C N Vakil visited the College and addressed our students Dr E Asirvatham was specially invited as main guest at the time of the College Annual Function

(e) *Commerce Students Text Book Lending Library* —The students of this area are on the whole poorer than in other parts of Rajasthan and that is why this year we have established a Text Book lending Library which issues books to poor Students in Commerce Faculty The library is doing very useful work and I am sure other faculties will also take a clue and establish such libraries

(*i*) *Associations* —The College Union, Political Science Association, History Association, Hindi Samiti, Bazme Adab, Science Association, Natural Science Association and Economics Association were quite active in their respective fields

7. BUILDING (Additions & Alterations):—The Teachers is housed in its own building in which no additions or alterations were made during the session under review, although the neccessity for accommodating the ever expanding library was strongly felt this year.

8. LIBRARY AND READING ROOM —(i) The Library has books on Psychology, Education, Sociology, Politics and many other subjects. 331 new books were added to the Library during the year making the total of 3,554. The College subscribes 62 educational journals and dailies including 34 foreign periodicals. An attempt was made to increase the number of journals and periodicals on educational research.

(ii) The Library has the open shelf system and no books are issued to the students except to those of the M. Ed. class.

9. GAMES, SPORTS & MEDICAL EXAMINATION OF STUDENTS —The College Doctor who resides in the Vidya Bhawan campus conducted the medical examination of the candidates prior to their admission and the Lecturer in Physical Education maintained their health records regularly Physical training and games formed a regular feature of the life of the students In addition to regular team games such as Hockey, Football, Volleyball the College organised a Sports Meet and Volleyball tournaments under the auspices of the College Union. The College Volleyball team won the trophies of Volleyball tournaments run by the Lambardar High School, Udaipur and by the Vidya Bhawan Teachers College Union. The general health of the students was on the whole satisfactory.

It is sad to note that a case of dog-bite occurred this year. Shri Deo Karan Sharma, a private candidate from Rajasthan died of hydrophobia The staff and the students of the college and other workers of Vidya Bhawan Society contributed Rs 440/8/-to help his poor family.

10. EXTRA-CURRICULAR & SOCIAL ACTIVITIES —

(a) College Union, Societies and Associations —In order to establish a closer contact between the students and the staff and to organise the social and cultural programmes of the College the students were divided into seven societies according to the subjects they had offered for specialization For the sake of convenience several subjects of specialization were grouped together to constitute one society. These societies functioned as separate units for organising these activities and co operated with one another for the general programmes organised by the College Union

Besides a number of intellectual activities, the following three lectures were arranged by the Societies —

(1) Dr. K.P. Rode, University Professor, Department of Geology, Udaipur, on 'Modern Theories of the Formation of Continents'

(ii) Dr G N. Sharma, Professor History, Maharana Bhupal College Udaipur in September.

(iii) Shri K. L. Bordia, Headmaster, Vidya Bhawan High School Udaipur in December

The most noteworthy feature of these activities was the staging of the drama 'KAUMUDI MAHOTSAVA' by the College Union The Union started this year new Inter School Dance and Music Competitions for the students of local schools and colleges Two Cups for this purpose were contributed by the Staff and the students of the College and two were donated by the College

The winners and runners of all the activities conducted by the Union were as follows
